

# DCA 2019 Agility Rankings

By Holly Waldrop

## **DCA Agility Top Spot Calculations**

The year 2019 was a tremendous year for Dalmatians in agility. There were 2,810 qualifying runs earned by Dals last year, more than any previous year. Congratulations to all the wonderful Dals and their handlers who had fun and success in the agility rings. Our breed is very well represented in agility.

## **Class Rankings:**

### **Excellent, Open, and Novice – Regular and Preferred, Standard and JWW**

A dog is credited with a title in the calendar year the 3rd qualifying leg is earned according to AKC's records. Only the first 3 qualifying legs for that class are used in calculating class rankings regardless of how long the dog continues to compete at that level. The scores from the 3 qualifying legs are averaged.

The speed (yards/second) is calculated for each run based on the course yardage divided by the dog's time. The speeds from the 3 qualifying runs are averaged. Rankings are based on highest average score, and any tie is broken using fastest average speed. (If less than 10 dogs are listed in a category, then less than 10 dogs earned that title for the calendar year.)

### **Master – Regular and Preferred, Standard and JWW**

For Master classes, dogs must have earned a minimum of 3 qualifying runs for the year, and all qualifying runs for that calendar year are used in the average. The speed (yards/second) for each run is calculated. The scores and speed from all qualifying runs are averaged. Rankings are based on the fastest average speed, since only scores of 100 can qualify.

## **Top 10 Rankings**

Once all the classes have been ranked, then all the top 10 ranked dogs from all the classes are combined – all Standard classes together and all Jumpers with Weaves classes together.

The rankings are again based on highest average score with ties broken by highest average speed. The "Class" column in the Top 10 listing indicates in which level the Top 10 dogs' scores were earned.
