

DCA SPECIALTY OBEDIENCE

IMPRESSIONS

by Jeannine Nauratil

The Tracking Test held on Sunday was full and had an alternate, Phil Gallagher and Connie UDT. Six actually were there and tracking. Later Judge Dorothy Everett called me and said she was so impressed with the dogs and the support of the participants, all of whom had TD or TDX titles, and still supported the Test, and the people who came to watch. She could hardly believe that so many were Champions. Usually the test she judges for Specialties just have dogs but never or hardly ever a Champion, because the breed people would not think of doing this with their Champion! Mrs. Everett said the Dalmatian is really built for the Test, athletic and smooth coated. She had a great time in spite of the 95 plus Temperature and high humidity. Four of the six Dalmatians passed the Tracking Test.
