DCA 2018 Obedience Rankings

By Lynn Luikart

Calculation of the Obedience Top Spots is done in 2 ways. At this point we only look at the 3 titling classes, not the optional titling classes. Those scores that are considered by AKC as the three legs toward a title are averaged and ranked according to the average within the appropriate titling class.

Any scores in a class after the title is received are counted toward the scores in the Competition class. To achieve a ranking in the competition classes you must have a minimum of three qualifying scores after your title in that particular year. All scores that fall into this category are averaged for the ranking for the particular year.

So, for example, Spot has 4 scores in Open A for his CDX title and 3 scores in Open B. The first 3 scores in Open A will be averaged for the ranking in the Open Titling class. The 4 scores after Spot's title, 1 in Open A and the 3 in Open B, will be averaged for the ranking in the Open Competition class.

The Obedience Top Spots are taken from the 6 classes; Novice Title, Open Title, Utility Title, Novice Competition, Open Competition and Utility Competition; for the overall ranking. There are 10 unique Dalmatians for the overall Top Spot rankings. For example, if Freckles ranks #1 in Novice Titling and #1 in Open Titling, only the highest score will be considered for the overall Top Spot ranking.

2018 Top Ten Obedience Dalmatians
