INCLEMENT WEATHER

In the event a severe weather or tornado warning is issued for the immediate area, Site Security will notify the Purina Farms management team. The team will notify guests of an impending weather event via the property-wide public address system. Public service announcements should also come via the storm siren and announcements. Guests will be asked to seek cover in designated areas marked as severe weather shelter areas inside the Purina Farms facilities (those in the outdoor event areas should seek cover in one of the indoor facilities on the property). Areas at the Purina Event Center include the Gateway Hall, restrooms, South stairwell and the Great Hall if necessary. At the Visitor Center, this includes the bathrooms, indoor theater and the hallway near the front information desk. After the weather event ends, Purina Farms management teams will announce all clear.

If weather is extreme after-hours, then security will unlock the Purina Event Center to allow overnight guests to come into the building with dogs at any time. The service center is also open 24/7 for campers to seek shelter. Should the weather look threatening, Purina Farms Security will go around the lots to notify overnight guests to seek shelter.
